

## Water Tank 300 l. with 2 copper coils

Price: **4,500.00 PLN** gross

**4,500.00 PLN** for szt.

Manufacturer: - **Pro Eco Solutions Ltd.**

Referention number: **TANK CY-300-1 CU 12**

Condition:: **New**

Quantity: 0 pcs.

### Information:

EPREL registration number: 2651689

Hot water storage tank made of stainless steel with a capacity of 300l and copper coil fully equipped.

## Product features

Heat exchanger in the tank:	copper coil
Cover of the tank:	painted galvanized steel

## Full product description

300 l stainless steel domestic hot water (DHW) cylinder with one copper coil and:

- electric heater with thermostat
- safety valve (pressure) and pressure-temperature relief valve
- magnesium anode (to protect, among others, the electric heater)

### Advantages:

- Made of stainless steel
- Very good thermal insulation (polyurethane foam min. 5 cm)

- Two copper coils (possibility of connecting to 2 independent heat sources)
- Two pockets for two temperature sensors
- Durable outer casing (made of steel)
- Fully equipped

■ **Technical data:**

**Height: 183 cm + 7 cm legs**

**Diameter: 61 cm**
